Custom Consoles Program for Dump Trucks

www.archimedes-group.com

Archimedes
Pneumatics & Hydraulics Inc.

presents:

SAVE INSTALLATION TIME WITH OUR CUSTOMIZED CONSOLES

Archimedes is the leading manufacturer of customized control consoles for Dump Trucks, Snow Removal Vehicles and similar applications. We manufacture the consoles from Aluminum or Stainless Steel. They are assembled with stainless fasteners and threaded inserts. Full-width access panels facilitate the connection of pneumatic & electrical accessories.

ORDER FULLY ASSEMBLED CONSOLES! NO NEED TO ADD SWITCHES AND VALVES ON SEPARATE BRACKETS

Literally thousands of top plate designs are available in Mirror Finished Stainless or Aluminum. They can be customized, engraved, assembled, and supplied ready to install with all the valves & switches required for your specific application, including the necessary hardware such as fittings, contactors, breakers & terminals. Our top plates are fully interchangeable between pedestal mount and floor mount consoles.
